Michael Quesada Vega

San Marcos de Tarrazú, San José · linkedin.com/in/mikequeve · +506 60488396· michaelvega46@gmail.com

I'm a web developer focused on Front-end development, passionate about creating dynamic and functional web applications. My dedication and curiosity for learning new technologies drive me to continuously improve my skills. I consider myself a proactive person, with strong problem-solving abilities and a great capacity to collaborate in teams. Organization and attention to detail are key parts of my work process.

EDUCATION

INSTITUTO NACIONAL DE APRENDIZAJE   **San Marcos de**
Desarrollo de Páginas Web – Bilingüe   **Tarrazú, San José**
                                                                                            May 2022–Currently

- Course taught in San Marcos de Tarrazú, covering modules such as Photoshop, Illustrator, Adobe XD, FIGMA, HTML – CSS – JAVASCRIPT – WORDPRESS, and Intermediate English.
- As part of this course, collaborative projects were developed for real clients, such as the website for the National Avocado Congress in 2023 and a refresh of the website for La Cámara de Turismo de los Santos.
- In both projects, I was in charge of the design and its implementation on the WORDPRESS platform, using Elementor as the builder.
- Currently completing the final module of Intermediate English.

INSTITUTO NACIONAL DE APRENDIZAJE   **San Marcos de**
